Infrastructure Engineer

[Apply Now](#)

Company: Bromford

Location: Coven Heath

Category: computer-and-mathematical

Are you an experienced Infrastructure Engineer looking to make a significant impact in a dynamic environment? We're seeking a talented individual to join our team and play a crucial role in building, managing, and supporting the infrastructure services that form the backbone of our internal and external facing services.

As part of our esteemed team of engineers, you'll showcase your exceptional technical prowess, ensuring the delivery of mission-critical infrastructure while upholding the highest standards of availability, performance, and security. Your expertise will be instrumental in crafting robust solutions that empower our organization to thrive.

You'll bring to the table extensive experience in On-prem VMware management and Azure Cloud management, coupled with a deep understanding of infrastructure at a 3rd line level. Your proficiency in Meraki networking, multi-site support with SD-WAN, and Azure AD Connect will be invaluable assets as we navigate the complexities of our network.

In addition to your technical acumen, you'll possess essential qualifications such as Az 900, Az 104, or equivalent experience, demonstrating your commitment to staying at the forefront of industry standards. An excellent grasp of ICT infrastructure and familiarity with ITIL principles will further enhance your contributions to our team.

Beyond your technical capabilities, we're looking for someone who thrives in a fast-paced

environment, capable of remaining efficient and adaptable under pressure. Your ability to cultivate strong relationships with colleagues and prioritize the needs of our customers will set you apart as a valuable member of our team.

If you're ready to take on a challenging yet rewarding role where your skills will be put to the test, and your contributions will make a tangible difference, we invite you to join us on our journey. Together, we'll continue to push the boundaries of what's possible in infrastructure engineering, driving innovation and excellence every step of the way. Apply now and become a pivotal player in our success story.

Join us for a full-time adventure in our 'roaming' position. Based in Wolverhampton with travel to Tewkesbury, Lichfield, or Chipping Sodbury, you'll enjoy a flexible week split between workspaces and home, offering the perfect balance. A Full UK Driving Licence and access to your vehicle are a must for this dynamic role.

Due to the nature of the role, a Basic DBS check will be required to ensure a secure environment. Ready to embark on this versatile journey? Apply now!

Benefits of belonging at Bromford

Joining Bromford isn't just about a job; it's about a community that values you. Here's a glimpse of the benefits you'll enjoy:

27 days annual leave, plus bank holidays and the option to buy or sell up to 5 days leave each year

£500 personal allowance to spend on your choice of benefits such as private medical cover, critical health insurance, dental treatment and gym membership

A Performance Related Pay scheme based on organisational and individual performance

Retail discount schemes to help you save on spending such as food shops, clothing and technology

A wellbeing app that gives you access to free virtual GPs, 24/7 mental health support and rewards for healthy habits

A choice of two pension schemes, with employer contribution rates of up to 10% of salary

As a certified Great Place To Work, we value your well-being and offer a comprehensive benefits package. Apply now, and let's make Bromford the next exciting chapter in your career!

Swift action required! The closing date for applications is just around the corner on 10th May 2024.

Seize this opportunity now! In the event of a high volume of applications, we reserve the right to close the vacancy early. Don't miss your chance to join us on this exciting journey! Apply promptly.
