Category: business-and-financial-operations

Systems Administrator / Infrastructure Engineer – City of London – Windows, Server, Exchange, Scripting, VMware - £75,000 - £85,000

A well renowned Investment Bank based in the City of London is currently looking to hire a talented Systems Administrator / Infrastructure Engineer (Windows, Server, Exchange, Scripting, VMware) to join their already established role. The ideal candidate for this role will have a self-starter attitude and have great troubleshooting skills. In this Systems Administrator / Infrastructure Engineer (Windows, Server, Exchange, Scripting, VMware) role you will be responsible for providing a high performance, scalable infrastructure to an agile organisation. Daily responsibilities will include: 3rd line support of MS and VMware technologies and administration of HPE server estate. To be considered for the Systems Administrator / Infrastructure Engineer role you will require the following skill-set: Windows Server Exchange VMware Powershell

This is a fantastic opportunity to work for a forward thinking organisation who are at the forefront of technology. If you are looking for a rewarding new role and want to work with the highest calibre of employees then please apply now. For immediate inquiries please contact Harriet Lamplugh de Smith at Harrington Starr on 07906 861 860 / harriet@harringtonstarr.com
