Category: other-general

Infrastructure Obsolescence Manager – London – Perm – Hybrid We have partnered with a globally trusted company that assists with the navigation of the ever-changing FX marketplace to reduce risk and with their forward-looking products they improve the trading process to be faster, easier, safer and more cost-effective – empowering their client's success. They are recruiting for a Infrastructure Obsolescence Manager that will spearhead the obsolescence management process, overseeing its implementation, monitoring progress via management reporting and dashboards, and ensuring continuous improvement for sustained enhancements. As the Infrastructure Obsolescence Manager, you will have three pillars of responsibility that would be operational, leadership, and Strategy. You as the Infrastructure Obsolescence Manager will lead the implementation of the infrastructure obsolescence process to meet the organisations IT asset obsolescence requirements whilst ensuring governance is defined and adhered to. You as the Infrastructure Obsolescence Manager will coordinate the delivery of each stage of the obsolescence management process (Identify, Plan, Upgrade) through working with a core team. As the Infrastructure Obsolescence Manager, you will develop reporting dashboards for measuring asset obsolescence progress, define KPIs and process SLAs. You as the Infrastructure Obsolescence Manager will work with resources managers, build, plan and track annual budgets for asset obsolescence management. Requirements: Min of 6+ years of experience as a Infrastructure Manager with obsolescence management experience or as a Programme Manager with infrastructure management and obsolescence experience. Working knowledge or experience in the following: data, applications Process managementsystems, software, middleware, database

management systems. Asset Management systems/Configuration Management Database systemstools experience such as PowerBI Management and Risk Management Beneficial: Services/Banking/Stock Exchange environment experience Note. The level is slightly flexible so if you're slightly less or more experienced as an Infrastructure Obsolescence Manager please do reach out. Salary – up to £120 000 + bonus + benefits. Location – London – Hybrid, negotiable (2-3 days/week in office). Duration – Permanent. Reply to this email with your CV attached and I shall call in the next 24 hours to discuss your skills and suitability in more detail.
