

## Injection Mould Setter

[Apply Now](#)

Company: williams manufacturing

Location: Manchester

Category: production

£48, Basic + Overtime Opportunities + Holidays + Bank Holidays + Pension + Parking  
On Site + Progression Opportunities

Manchester

4 Day Working Week. 12 Hour Shifts. Days and Nights Weekly Rotation.

ARE YOU AN EXPERIENCED MACHINE OPERATOR SPECIALISING IN OPERATING AND  
SETTING PLASTIC INJECTION MOULD MACHINERY?

This is a great opportunity to join a growing manufacturing brand who are currently investing heavily on site. This position is a direct reflection of ongoing success within the company. A new role is being created within the injection mould team due to expansion into new markets.

To apply for the role, you must have previous experience as an injection mould setter operator within a manufacturing environment. Machine Operators will ideally have experience working within the plastic injection moulding industry.

On a day to day basis, the role will involve starting up, setting and operating injection moulding machines. You will work to bespoke customer specification to manufacture a wide range of products. You will work with a range of plastic raw materials, calibrate machines to be fit for purpose and quality check products to specification. You will work to H&S initiatives at all times. As part of your role, you will be tasked with reducing waste/scrap where possible.

This is a fantastic opportunity to join a well established, stable manufacturer who are

experiencing ongoing success in their industry. Due to ongoing growth, professional progression opportunities will naturally become available for the successful machine operator.

Injection Mould Setter:

\*Must transfer from a manufacturing background

\*Will ideally have plastic injection mould experience

\*Monday to Thursday. 12 Hour Shifts. 06:00 to 18:00 and 18:00 to 06:00 Weekly Rotating (JOB ID 64)
