

Injection Moulding Setter

[Apply Now](#)

Company: The Talent Partnership

Location: Basildon

Category: architecture-and-engineering

I am currently working with a Basildon engineering company who require an additional Injection Moulding Setter/Operator to work a rotating earlies/lates shift pattern Monday to Friday 07:30 – 16:00/11:30 – 20:00.

The role:

In this varied role you will be responsible for carrying out the setting up of tooling and for the moulding of high value plastic components using a variety of machinery. The work will include:

Setting machine controls

Regulating moulding temperature, volume of plastic, pressure and time

Trimming excess plastic

Identifying reject material and regrinding

Carrying out quality control

Packing finished product

Carrying out maintenance to production tools and machines

The candidate we are looking for will have:

Experience in a plastic moulding manufacturing environment

Experience in the setting of injection moulding machines

Ability to operate forklift to move tools to and from the moulding area

Very reliable and able to manage own workload

Good communication skills

The company are offering:

An excellent opportunity for progression within a large company

Varied workload

Plenty of overtime available

If you are interested in this Injection Moulding Setter/Operator role and believe you have the experience my client requires then please forward your CV.
