12-Mar-2024

Due to continued growth a global manufacturer of parts to renowned OEMs is currently seeking Injection Moulding Setters.

This role plays a key part within production, ensuring the shift runs smoothly, job orders are completed on time whilst maintaining quality and minimising scrap.

******£30000-34400 + OT, 25 days annual leave + bank holidays., Monday-Friday******

As an Injection Moulding Setter, your duties will include –

Leading a cell of injection machines to meet the required safety, quality & delivery targets

Supervision of operators, ensuring correct procedures are followed

Completing tool changes and condition setting

Resolving issues in a timely manner, escalating where necessary

Carrying out quality checks such as 1 st offs

Participate in problem solving activities to solve customer concerns or rectify internal non-conformances

Participating in lean manufacturing improvements (SMED, 5s, TPM)

To be successful in the role of Injection Moulding Setter, the ideal candidate will –

Have in-depth technical knowledge of injection tools, injection moulding processes & trouble shooting

Have knowledge of lean manufacturing principles – i.e. SMED, 5s, standardised work, levelled production & stop call wait

Experience of basic quality systems such as first offs, traceability, etc

Have experienced in managing and improving production performance

Based near Cannock this role is commutable from locations such as Wolverhampton, Dudley, Derby, Stafford, Stoke, Coventry, Burton, Telford, Birmingham and Derby
