

Intermediate M&E Quantity Surveyor

[Apply Now](#)

Company: Michael Taylor Search & Selection

Location: Candlewick

Category: construction-and-extraction

Client: With a portfolio of projects in the UK and Europe. Our client is a internationally recognized contractor. With a specialism in commercial office and data centres as a principle contractor. As well as healthcare, pharmaceutical, leisure and residential as a building services contractor.

Key to their success is the development of good working relationships with their Leading consultancies and end users; delivering notable scenes across London, the UK and Europe. As a result, they benefit from a large amount of repeat business.

As a result of investment and improving market conditions the business has recently secured a number of key project wins. Their 2024 turnover is expected to be in excess of £500M with £300M already secured for 2025. As a result, they are actively looking to recruit for their commercial team.

Role: Intermediate M&E Quantity Surveyor – London – Salary up to £50,000 - £60,000 + Travel Expenses + Pension + Healthcare + Bonus (up to 10%)

This is a fantastic opportunity for a junior/intermediate M&E Quantity Surveyor looking to really progress their career. You will join one of the largest commercial teams in the UK, so there will be no shortage of support, progression and training to mould into a leading M&E Quantity Surveyor in the next 5 years. Straight away you will sink your teeth into one of the

London's flagship new commercial towers totalling £45m MEP.

Role/Responsibilities:

* As an intermediate M&E QS you will be a key member of the team, providing support to the Project Surveyor

* You will assist in the overall financial management of the project and will gain experience across all areas of surveying practices, including procurement of sub contract packages, cost reporting, measuring of drawings and production of variation breakdowns, and final account negotiations.

The ideal candidate:

* Ideally you will have a degree in building services or mechanical or electrical engineering.

* A reasonable level of computer skills on Microsoft Word and Excel would be a requirement

* You will need to have a willingness to learn, strong personal skills and a good work ethic

In return they offer:

* A healthy pipeline of work

* The opportunity to move up the management ladder

* A very competitive basic salary and an excellent bonus scheme.
