Investment Associate – leading renewables fund - London

[Apply Now](#)

Company: Altus Partners

Location: London Area

Category: other-general

THE SEARCH:Altus Partners is delighted to be partnered with a very impressive Renewables focused fund that is looking for an Investment Associate to join its team. The fund invests across the renewables space including Wind, Solar, Hydro and Battery Storage. The team is very acquisitive and enjoys strong deal flow. You'll be involved in the deal process from origination to execution and gain genuine responsibility from day one. **THE ROLE:**Execution of transactions in the renewable energy space Working in small teams of investment professionals across multiple transactions Financial modelling and asset valuation Writing investment memos and investment committee papers Proactively identifying value accretion opportunities on existing assets Contribute constructive suggestions within team discussions to ensure all deals are of the highest quality. **THE REQUIREMENTS:**Track record of executing /advising on transactions in the core renewable energy or infrastructure space in the UK and Europe Not less than 3 years' relevant experience in an infrastructure or private equity investor or adviser Experience of typical project finance structures The ability to remain calm and composed whilst working under pressure Excellent financial modelling skills and an intuitive feel for whether a model is giving you the right answer.
