Company: Jiyu Consulting

Location: Newbury

Category: computer-and-mathematical

IT Infrastructure Analyst - £35. to £41, + bonus - Newbury

IT Infrastructure Analyst looking to join an expanding Newbury/Berkshire organization? Our client is looking for an individual with a proven background in areas including VMWare, Windows Server, DNS and Active Directory. This role offers excellent training and growth potential. After probation 2 days per week in the office will suit those who enjoy hybrid working!

As a proven IT Infrastructure Analyst you will be technically skilled across:

Group Policy and ideally Intune

M

Windows Server

DNS

Windows 10+

VMware

Active Directory

Azure

This Newbury based Infrastructure Analyst role, will be perfect for someone who enjoys not only resolving issues but providing longer term solutions. An excellent holiday package is accompanied by a competitive pension and bonus scheme.

Initially the role is office based but with potential for hybrid working. For more information please contact Pete.

IT Infrastructure Analyst - £35. to £41, + bonus - Newbury
