

Laser Operator

[Apply Now](#)

Company: E3 Recruitment

Location: Dewsbury

Category: architecture-and-engineering

An opportunity has arisen for an experienced Laser Operator to join a well-established engineering business on a permanent basis, working 4 shifts Monday to Thursday, with an hourly rate upto £18.00 per hour along with regular overtime, ongoing training and development and free parking.

They specialise in providing a range of metal forming processes to meet their client's needs, with state-of-the-art equipment, due to rapid growth they are looking for an experienced Laser Operator to build and strengthen the team.

Laser Operator Duties:

Setting and operating CNC Laser Machines

Batch work and one-off assignments

Ability to understand technical drawings and apply technical information

Inspecting and maintaining quality control before and after production

Assisting in other areas when required

Laser Operator Experience:

Experience of working in an engineering environment or similar

Ability to read and interpret engineering drawings

Operating the CNC in a leading or assisting capacity

Knowledge of a variety of steel alloy grades

Experience of driving a Counterbalance Fork Lift would be advantageous

What is on offer to the Laser Operator:

Paying up to £18.00 per dependant on experience

Working Nights Monday to Thursday

Regular overtime available at uplifted rates

Ongoing in-house training

Permanent opportunity

The successful candidate will easily be able to commute to this Batley based business from surrounding towns & cities including Birstall, Dewsbury, Cleckheaton, Brighouse and Huddersfield.

For immediate consideration for the Laser Operator position please click apply or contact Alison Bell at E3 Recruitment on (phone number removed).
