

## LCMS Scientist

[Apply Now](#)

Company: Russell Taylor Group Ltd

Location: Rhodes

Category: other-general

Role- LCMS Scientist

Location- Manchester

Salary- Competitive

Russell-Taylor Group have a fantastic opportunity for an LCMS scientist to work for a global third-party testing organisation. Our client is looking for a motivated, enthusiastic individual with a background in biopharmaceutical science to join the ever-expanding team. Our client has promised a fulfilling career with a competitive salary and excellent progression opportunities.

### The Role

- Developing bioanalytical methods, ensuring they are reliable and meet all regulatory requirements
- Resolving issues and troubleshooting bioanalytical instrumentation and methods.
- A clear understanding of the current scientific developments and ever-changing regulations in the bioanalytical community
- Mentoring other laboratory scientists to develop their knowledge and understanding of bioanalytical techniques and instrumentation
- Collaborating with customers, scientific vendors, and academic groups to raise the company profile.

- Assisting with business development by generating new quotes via literature searches. Providing an indication of any potential difficulties with bioanalytical methods and assisting with client calls and visits.
- Working to GLP/GCP and showing good documentation practice.

## The Person

- A successful candidate will have previous experience working in a regulatory bioanalysis lab with experience performing LC-MS/MS bioanalytical assays.
- Will have either a PhD or relevant degree in any chemistry or life science related subject.
- The ideal candidate will have previous experience of working to GLP/GMP
- Must be IT literate with competent use of the Microsoft systems.
- The ideal candidate will have previous experience of using LC-MS/MS.
- Previous experience of troubleshooting
- Have previous experience performing sample extraction techniques for biological analysis.

Important Information: We endeavour to process your personal data in a fair and transparent manner. In applying for this role, Russell Taylor will be acting within your interest and will contact you in relation to the role, either by email, phone or text message. For more information see our [privacy policy](#) on our website. It is important you are aware of your individual rights and the provisions the company has put in place to protect your data. If you would like further information on the policy or GDPR please get in touch with us .
