Location: Elland

Category: architecture-and-engineering

Lead Maintenance Engineer - Days

£45,000 - £48,000 + 33 days holiday + Benefits

Elland / Huddersfield / Halifax

Monday - Friday 40 hours - Flexible, Days

Excellent Opportunity for an experienced multiskilled engineer to step up into a Lead Maintenance Engineer Role, in a days based position.

You will oversee a team of around 5 Maintenance Engineers, organising PPM Schedules, delegating workload, and being the go to person for any queries within the maintenance team. This role will typically be around a 70/30 split, majority hands off.

The company are very well established and operate over multiple sites across the UK as well as internationally, as a very reputable manufacturer within their industry, and due to continued growth and expansion, they require a lead maintenance engineer at their manufacturing facility in Elland.

This is an excellent opportunity for a skilled maintenance engineer to take the next step in their career into a leadership position, with an international, well respected manufacturing company in a Monday-Friday days role.

The Role:

*Lead Maintenance Engineer

*Well respected, leading international manufacturing company

*70/30 Hands off/Hands on

*Monday - Friday Days

Candidate Requirements:

*Experienced multiskilled maintenance engineer

*Strong leadership skills

*Look to step up into a senior position
