Company: Pybus Recruitment

Location: The Boldons

Category: sales-and-related

### Lead Web Developer (Hybrid Working)

Location - Boldon - Applicants must be North East based within a commutable distance of Boldon Business Park, Tyne and Wear.

Salary - Up to £40k

Our Client is a top UK digital agency and we are searching for a talented and motivated Web Developer to be responsible for developing usable, content managed websites. This position is a fantastic opportunity for a self-motivated developer to grow their career at our established and well-respected digital agency based in North East England at Boldon Business Park

Web Developer:

- Remote Hybrid Flexible Working
- Salary up to £45,000 (depending upon experience)
- Ongoing personal development and career path
- 25 days per year annual leave entitlement (Plus Bank Holidays) and your birthday
- Personal development and training
- Contributory pension scheme
- Healthcare scheme

Web Developer – Duties and Responsibilities:

To work on your own assigned projects, play an active role within the company and influence the overall development of the digital team.

Web Developer - Essential Skills:

- Being able to build bespoke WordPress Themes is an essential skill required for this position.
- Skills in HTML5, CSS3, jQuery, PHP, JS & MySQL.
- Experience of working with APIs and developing custom work.
- Experience of building bespoke, responsive WordPress Themes.
- Experience of working with Bootstrap.
- Great communication skills, both internally and externally.
- Understanding how to use GIT as part of a team.
- Have an eye for detail and take pride in your work.
- Ability to manage your time effectively and deliver work to agreed timescales.
- Minimum 2 years' experience.

#### Web Developer - Desirable Skills:

- Experience of working with ecommerce platforms e.g. WooCommerce.
- Experience with Payment Gateway Integrations.
- An understanding of Search Engine Optimisation (SEO).
- Understanding of effective user experience planning.
- Experience in using workflow tools e.g. GULP.
- Knowledge and use of preprocesses e.g. SASS/LESS

#### Web Developer – Applicant Criteria:

- Applicants must be currently UK based.
