## Lecturer in Computing - Birmingham

At GBS (Global Banking School), we invest in our people. Our students are at the heart of everything we do because we know education is transformational. Our mission is to change lives through education, and we take an inclusive approach to recruiting students, with an aim to widening access to higher education among groups currently under-represented in the sector.

GBS is a higher education provider offering a range of sector-relevant courses across eight campuses in London, Manchester, Birmingham, Leeds and beyond. Working in partnership with several of the UK's leading higher education providers. We deliver vocational, undergraduate and postgraduate programmes in banking, finance, accounting, business, tourism, healthcare – and more. We are an approved institute on the Office for Students Register and have been reviewed and approved by the Quality Assurance Agency.

We deliver Undergraduate, Postgraduate and HNC/HND qualifications in Business Management, Digital Technologies, Hospitality and Healthcare in partnership with our partner-universities in London, Birmingham, Manchester and Leeds. Our learners are highly diverse, typically from widening participation backgrounds.

We are currently seeking **both Full Time and Hourly Paid Lecturers to teach**

**Computing** related modules as part of our LTU partners. **Please note we will require you to be flexible to work evenings and weekends as required.**

**This role is not eligible for visa sponsorship**

**Main Responsibilities**

## Responsibilities in brief:

All aspects of planning, delivering, and assessing student work, ensuring that all learning outcomes are met.

Develop, update, and improve course materials as appropriate.

Manage and lead modules/ units.

Keep up-to-date with specific and pedagogic innovations.

As a part of team, play a full and pro-active part in engaging and retaining students.

Use a variety of learning and teaching methods/materials including live online learning.

Attend meetings as required, to contribute to the decision-making process and to develop productive working relationships within the various teams you will be engaged with.

To actively be involved in staff development activities and peer observations.

## Requirements

### Essential

You will hold qualifications at least at master's level in the relevant subject area (e.g., computing, IT or computer science) and will ideally hold a PhD or be able to demonstrate equivalent high level professional experience in the discipline.

Good knowledge of one or more of the following areas:

Programming and software development

Web development and digital marketing

Database systems

Cloud computing

Networking and cybersecurity.

IoT and emerging technologies.

Business analysis and digital transformation

Experience teaching in the wider subject area

Previous lecturing experience for similar courses

Experience supervising student work and providing support and feedback

Desirable

Teaching qualifications: PGCHE, MA in HE Practice or FHEA etc

Experience of working in the industry of your subject areas.

### **Other Information**

GBS is an equal opportunities employer and positively encourages applications from suitably qualified and eligible candidates regardless of sex, race, disability, age, sexual orientation, or religion or belief.

In return we offer a great working environment, career progression and some great benefits which include:

Highly competitive salary and bonus

25 days holiday (excluding Bank Holidays), raising by one extra day leave per year of service, up to a maximum of five additional days

Matched contribution pension scheme

Social events

Access to a range of discounts to over 3000 retail outlet stores

Opportunity to earn money back on your personal reward page

Employee Assistant programme with access to 24-hour support

Generous employee referral programme
