[Apply Now](#)

Company: Tarmac

Location: Snodland

Category: other-general

At Tarmac, 'who you are' matters. We want to get to know you. If you share our values and are proud of a job well done, collaborative in working well with others and ambitious to make things better, then have a read of what we have on offer. We are currently recruiting for a **LGV / HGV / Plant Fitter** to join our fantastic team. The role is based from our Snodland site in Kent. This role is commutable from Maidstone, Chatham, Rochester, Gillingham, Hempstead, Sevenoaks, Orpington, Swanley, Dartford, Bromley, Tonbridge, Gravesend, Rainham, Swanley, Sittingbourne and the surrounding areas. We're working hard to create a dynamic and inclusive environment and it's important that our people come from a variety of different backgrounds.

Role Responsibility Reporting directly to the Workshop Foreman, you as the **LGV / HGV / Plant Fitter** will be required to carry out both planned and reactive maintenance across our fleet, this could be local to site or further afield to support the projects we are whole heartedly engaged within.

Responsibilities of the role (not exhaustive): Carry out scheduled Service Inspections, Servicing and Repairs in compliance with manufacturers specifications and company processes. Raise jobs for the system, detailing hours and parts used for all service, maintenance and repair work. Request purchase orders to be raised for parts for stock and suggest any stock holding requirements to management. Complete handwritten job cards for all reactive/unscheduled work completed. Recording all actions taken, work to supporting the preventative maintenance plan as required and suggesting improvements to avoid re-occurrence. Maintain a high standard of housekeeping keeping areas clean, tidy and hazard-free and in line with 5S standards. Respond to breakdowns – this is a an on call role which is expected to be covered every

other week outside of normal working hours
The role of LGV / HGV / Plant Fitter you must hold a UK Full manual car driving license with no more than 6 penalty points
The Ideal Candidate To be successful in this role of LGV / HGV / Plant Fitter you as the ideal candidate must also be able to demonstrate proven experience working within a similar environment as a Maintenance Technician / Fitter. As well as having strong independent organisational and communication skills with sound knowledge of operational mobile plant.
Specific Requirements: ESSENTIAL - Time served apprenticeship in LGV / Plant / HGV Engineering LGV (HGV) licence would prove highly beneficial
