

## M&E Site Manager

[Apply Now](#)

Company: Underdog Recruitment Limited

Location: Romsey

Category: Other-General

Are you a Site Manager that craves the opportunity to work for a company you can develop in? Do you have a background in the mechanical and electrical industry? Is working for a company that invests in its team top of the must-haves list? As a one of the fastest growing companies within the Building Services industry, our Client prides themselves on low staff turnover rate, an enviable package and having a team with a winning mentality! It is time to grow the team further and they have an opportunity for a Site Manager, operating between Bournemouth, Brighton and London with a diverse portfolio of clients within Healthcare, Education, Heritage, Facilities Management and Defence. The ideal candidate will have experience within the M&E sector and will be willing to travel across their client base. Our client is an agile organisation with client relationships at the forefront of everything they do.

They are able to mobilise quickly, efficiently and safety and this is the key to their success making it a fundamental KPI for their Site Managers Roles & Responsibilities

Accountable for ensuring the clients Health & Safety practices are adhered to whilst on site

Supporting our Project Managers in the delivery of Mechanical and Electrical projects up to the value of 500,000

Supervising staff as well as specialist sub-contractors whilst on-site, ensuring that the highest standards are maintained

Compiling and updating all Site Files so that they are compliant with all policies.

Undertaking tool-box talks

Monitoring a range of deliveries of materials and plant

Inducting sub-contractors

Being the conduit between the Client and the relevant Project Manager and Account Manager

Attend site meetings with clients in support of Project Manage

Setting up sites, including RAMs boards

Providing verbal and written updates
