**Machine Learning Contractor (On Device) – outside IR35, remote.**

**Apply Now**

Company: WA Consultants

Location: United Kingdom

Category: computer-and-mathematical

Leading technology consultancy requires Machine Learning Researcher for long term contract ( outside IR35, remote).

Ideally contractor will come from an educational background of Computer Science and/or Machine Learning, and be interested in working with market leading client covering "On-Device ML", "NLP models" and "Data Analysis"

Preferred background:

– Experience in developing and applying Natural Language Processing models to solve problems.

– On-Device ML Expertise: Proven capability in deploying efficient Machine Learning models optimized for low power consumption ( ideally for mobile or battery powered devices)

– Sensory Data Analysis : Skill in processing and analyzing sensory data ( ie audio, IMU data) to improve model performance.

Skills required :

– Familiarity with Python and ML frameworks such as Tensorflow or PyTorch.

– Ability to design experiments, analyze data, and derive insights.

– Comfortable collaborating with teams to integrate ML models into products.

– Good communication skills to explain technical concepts clearly.

Please get in touch and send CV for more details.

WA Consultants is an Employment Business and an Employment Agency as described within The Conduct of Employment Agencies and Employment Businesses Regulations .
