

Machineoperator/ Factory op - Nights

[Apply Now](#)

Company: Employment Solutions Ltd

Location: Halifax

Category: architecture-and-engineering

Machine Operator, week nights, Temp to perm after 13 weeks. £15.73 an hour

Working Hours: Monday to Thursday, 7:30 PM - 6:00 AM

Immediate interviews and start date

If you have machine operating experience and are looking for a stable opportunity in a dynamic environment, then this is the role for you.

Responsibilities:

Operating Voortman saw/drill and shot blaster machines

Material handling experience is preferred

No setting or programming required, strictly an operator role

Training will be provided, though experience within a steel production facility is preferred

Requirements:

Experience in machine operation, preferably within a steel production environment

Some knowledge of CNC machinery is advantageous

Willingness to work night shifts and adhere to the provided schedule

Material handling experience will be an advantage

Hourly rate: £15.73

On-site parking

Locker and changing room facilities provided
