

## Machine Operator

[Apply Now](#)

Company: Personnel Selection

Location: Wick, West Sussex

Category: architecture-and-engineering

We seek 2 x machine operators for this busy automated manufacturing facility, Previous experience operating production machinery and the ability to follow machine instructions would be beneficial, although full training will be provided.

You would be interested in learning the machine and elements of maintenance CAD-CAM, you would be confident using a PC to update stock and job details and be interested in a long term role that does have a genuine permanent contact behind it. This client is looking for temporary to permanent role as the training is usually a couple of months to get up to full capability so only apply if you are looking for a committed role.

Hours – Mon-Fri – 2 weekly rota – 6:00am – 14:30pm or 14:00pm – 22:30pm (8 hour day / ½ hour lunch + 2 x 10min breaks)- you must be able to rotate

Reporting to: Production Manager

This role would suit an experienced machine operator who is looking for a varied role. You will be responsible for ensuring the machine is topped up with raw materials, (this can be done as often as every 3hrs and the bag can weigh around 20kg) and quality checking made products, some confidence with basic maths in order to do some calculations. This is a physical role as there is lots of movement but only limited heavy lifting. Safety boots are essential
