

## Maintenance Engineer

[Apply Now](#)

Company: Nicholas Associates

Location: Cheltenham

Category: architecture-and-engineering

Are you a Maintenance Engineer who wants to work a Monday to Friday mornings, nights and afternoons shift pattern - 6am to 2pm, 10pm-6am and 2pm-10pm?

If so, then please read on!

The basics:

Job Title: Maintenance Engineer

Shift: Monday to Friday 3 shift

Location: Cheltenham

Industry: Manufacturing

Pay: £42581 per annum + overtime = earnings of £48000 and upwards achievable.

Holidays/benefits: 33 days holiday, work place pension, life assurance, private health program, occupational sick pay, free parking.

Overview:

Working in a first-class, modern, purpose-built manufacturing facility; we now require a Maintenance Engineer to join the team.

Both mechanical and electrical engineers considered

Key responsibilities of the Maintenance Engineer role:

- \* To maintain service and repair all automated plant machinery to minimise production down time.

- \* Provide technical support on all projects, installations and breakdowns

- \* PPM's

The ideal candidate / Maintenance Engineer may have some of the following, however, please note these are only desirable and not essential as all applications will be looked at individually:

- Time served apprentice trained or above

- Previous experience working in a maintenance focused role within a manufacturing/production environment or similar

- An electrical understanding changing like for like parts and basic fault finding. Most of the faults are predominantly mechanical, however electrical skills can be utilised if you are electrically biased.

Commutable from: Cheltenham, Gloucester and surrounding areas.

If you are interested in the Maintenance Engineer role, please apply immediately due to the urgency of this role.
