

Maintenance Engineer

[Apply Now](#)

Company: Nicholas Associates

Location: Kirkby in Ashfield

Category: architecture-and-engineering

Are you an Electrically inclined Engineer who wants to work Monday to Fridays days and afternoons with 1 in every 5 weeks a week of nights for a base salary of up to £49000 per annum?

If so, then please read on.

The basics:

Pay: up to £49000 per annum plus overtime paid at 1.5 Mon-Sat and double in Sundays + £1000 annual bonus

Job Title: Electrical Maintenance Engineer

Shift: Monday to Friday 6am-2pm and 2pm-10pm with 1 in every 5 weeks working 10pm-6am

Industry: Manufacturing

Location: Kirkby-In-Ashfield

Benefits: 25 holidays, company pension, life insurance, on site parking, modern working

conditions.

Overview:

We now require an additional maintenance engineer to join the electrical team. You will be working for a manufacturing business that have sites across globe producing products that are always in need.

Key responsibilities of the Electrical Maintenance Engineer role:

To maintain service and repair all automated plant machinery to minimise production down time.

Provide technical support on all projects, installations and breakdowns

PPM's

The ideal candidate / Maintenance Engineer may have some of the following, however, please note these are only desirable and not essential as all applications will be looked at individually:

Knowledge of safety circuits, Invertors, how relays operate, speed control systems

A mechanical understanding would be advantageous - gearboxes, pumps, pneumatics

Knowledge of PLC's - fault finding and modifying

Electrically qualified - Must be able to present these at interview - minimum Level 3.

Commutable from Kirkby-In-Ashfield, Sutton-in-Ashfield, Mansfield, Alfreton and surrounding areas.

If you are interested in the Maintenance Engineer role, please apply immediately due to the urgency of this role
