Major & Complex Loss Adjuster

[Apply Now](#)

Company: Adjusting Appointments Limited

Location: United Kingdom

Category: business-and-financial-operations

Job Profile

Excellent opportunity to join a well established Major Loss Team, managing the more technical and complex claims ranging from flood damage resulting in Business Interruption to claims associated with catastrophic events.

The role will be home based with regular regional travel throughout Cambridgeshire and surrounding counties.

As a Major & Complex Loss Adjuster, you will have an integral part to play in delivering a high quality, professional service to clients, managing an active caseload of predominantly commercial claims over £100k in value, often containing material damage and business interruption matters.

The work often requires a partnership approach in working with other business stream and third parties, such as the Casualty/Liability team or local government and emergency services hence your approach to detail and a thorough investigation is paramount.

This is a great opportunity for an experienced Adjuster to make their mark within a business and with clients.

The job requires foresight, ambition and tenacity and brings with it the prospect of success and significant rewards.

Applicant Requirements

Candidates will ideally be ACILA qualified and have a strong commercial property adjusting background.

Some experience of major loss work would be preferred but is not essential, as this would also be an excellent opportunity for an adjuster working with lower level commercial losses to progress into this area.
