Senior Business Analyst

Manager - Experience Design

118158BR

Job Description

WHAT YOU'LL DO

As a Senior Business Analyst at WongDoody, you'll be at the forefront of shaping the future of our digital products. Here's a glimpse into your responsibilities:

Leading requirement gathering workshops, interviews, and deep-dive sessions.

Managing end-to-end functional requirements across the product lifecycle.

Creating detailed functional tickets with comprehensive acceptance criteria for complex AEM components and templates.

Collaborating with internal and external teams to develop requirements and anticipate challenges.

Resolving blockers and unknowns related to requirements and scope.

Supporting client product owners in finalizing requirement details and articulating decisions.

Transferring completed functional tickets to client BAs and ensuring clarity.

Assisting in backlog prioritization aligned with strategic goals.

Serving as a single point of contact for matters related to scope and decisions.

Contributing to and participating in all agile ceremonies, including daily stand-ups and planning.

WHAT YOU'RE LIKE

We're seeking individuals who are:

Highly customer-focused and eager to shape the future of digital products.

Strong communicators who can collaborate at all levels.

Fun-loving, driven professionals who want to be part of something special.

WHAT YOU'VE GOT

To excel in this role, you'll need:

Minimum of 6+ years of experience in business analysis.

Expertise in driving the creation of detailed component and page template specifications within JIRA.

Proven track record in gathering and managing functional requirements across the product lifecycle.

Experience in creating detailed functional tickets with comprehensive acceptance criteria for complex AEM components and templates.

Ability to collaborate effectively with cross-functional teams and anticipate challenges.

Proactive in resolving blockers and unknowns related to requirements and scope.

Strong communication skills to support client product owners and articulate decisions.

Proficiency in agile methodologies and participation in agile ceremonies.

Ability to prioritize backlog functionality in line with strategic goals and considerations.

THE PERKS

In addition to a competitive salary, you'll enjoy a range of benefits including great medical and dental insurance, a competitive pension package, travel insurance, and flexible summer hours.

ABOUT US

We are WongDoody. 2000 innovators, creators, and designers in 22 studios across the world. We create human experiences. Tell big stories for bold clients. Use design to save lives. For the past 30 years, WongDoody has been recognized as one of the most creative and innovative companies by Cannes Lions, Fast Company, and EY, among others.

Since our founding, we have won hundreds of global awards for advertising, branding, experience design, and strategy, while building a culture that consistently makes WongDoody one of the “Best Places to Work”. We recognize that our people and our values are paramount to our success. Now an Infosys company, our culture remains the same—open, inclusive, and curious—rooted in Creative Democracy formed by our founders, Tracy Wong and Patrick Doody.

We're just getting started.

See how we're making an impact:

WongDoody is a proud Equal Employment Opportunity employer where we are committed to creating an equitable, diverse, and inclusive workspace regardless of race, color, ancestry, religion, sex, national origin, sexual orientation, age, citizenship, marital status, disability, gender identity, or Veteran status. We are intentional about creating a space that celebrates, embraces, and also reflects the diversity of the world we live in.

Candidates from diverse backgrounds are strongly encouraged to apply.

All candidate information is kept confidential according to EEO guidelines.
