Category: other-general

Master / Diagnostic Technician

Location: Dartford

Salary: Basic up to £40,000

Hours: Full Time

OC17499

We are recruiting for a Master / Diagnostic Technician from either a current or previous dealership or a large independent background in the Dartford area.

This Master / Diagnostic Technician position is for a very much sought-after, well-respected and hugely popular brand and company, that offers a ton of training, progression, overtime, benefits and support.

You will operate from a very efficient and high-performing workshop, and the opportunity to earn big on the bonus is both genuine and proven, The top-performing technicians in the group are hitting some outstanding numbers consistently.

Master / Diagnostic Technician Role:

This role will include the most complex level of technical work; from diagnostics to transmission and engine rebuilds and major engine work. Ideally, you will be fully

accredited to either master technician level for a particular brand or multiple brands, or senior diagnostic accredited, you must be fully able to complete work to dealer standards, adhere to manufacturer procedures and processes, become part of a team and mainly bring high attention to detail.

The right individual must be highly confident and professional in their approach whilst being someone who can be efficient and always able to deliver a first-time fix.

The Master / Diagnostic Technician position is with a highly efficient, well-organised and busy workshop who are looking for an addition to their team who operate in a busy and vibrant aftersales/service department.

Master / Diagnostic Technician Requirements:

- Ideally, you will be an accredited Diagnostic Technician with a recognised brand.
- You must be from a dealership or independent background, with superb technical prowess within the workshop.
- Must be able to demonstrate strong technical knowledge and bring a strong work ethic
- Full UK driving licence.
- Have a good round, rock-solid, hard-working attitude as you will be joining a highly efficient, existing aftersales team.
