

## Mechanical Design Engineer

[Apply Now](#)

Company: Progressive Global Energy

Location: United Kingdom

Category: other-general

Are you an experienced mechanical design engineer with Creo experience?

Would you like to get involved in a multi-year overhaul project working at an advanced scientific facility?

If so, then this contract is the one for you - here are the key details:

Job Type: Contract - initial 6 months with likely extension **INSIDE OF IR35**

Rate: £45-50 p/h

Location: Oxfordshire - 3 days a week on site

### Key Tasks:

Produce concept designs, layouts, assembly drawings and detailed manufacturing drawings employing Creo software.

Develop and apply expertise in technologies including ultra high vacuum systems, stable support structures, precision mechanisms, cryogenics and the general design of scientific equipment and plant.

Maintain and update engineering drawings and documentation on projects.

## About You:

Required - CREO CAD experience Knowledge and Experience of GD&T to BS 8888 and relevant ISO standards Experience of large CAD assembly management techniques

Desirable - Experience working on scientific research or r&d projects Experience of Ultra High Vacuum
