Company: Mallinckrodt Pharmaceuticals

Location: United Kingdom

Category: other-general

Description

Responsible for the regional implementation of the Medical Affairs strategy in UK and the Nordics. Supporting the Medical Director with Medical Affairs activities (e.g. advisory boards, KOL management). Being responsible for special strategic Medical programs across Europe. Supporting HEOR and Commercial Operations (sales and marketing) and other functions in their region.

This position reports to the Medical Director EU. The incumbent works home office based and should be based close to a major transport hub due to the significant travel requirements.

Main Responsibilities

Build advocacy for company products and research activities among KOLs, including physicians, key academic centres, professional organizations, patient advocacy groups, hospital administration and payers.

Prepare and communicate scientific and medical information. Lecture at scientific meetings. Participate in advisory boards. Conduct face to face KOL meetings. Implement communication activities at local and global congresses. Provide responses to scientific requests.

Represent company at relevant congresses.

Provide input in Medical Affairs and Brand Strategy

Support the strategic Publication Plan

Support internal education with clinical data communication and knowledge transfer.

Provide scientific expertise to internal business partners. Clinical Development, Research & Development, Health Economics & Reimbursement, and Sales & Marketing.

Ensure compliance with regulatory and health care compliance guidelines.

Experience / Skills required

PhD, MD, or PharmD with ideally 5+ years of experience within the pharmaceutical or medical device industry in a similar role. Experience in any one or more of the therapeutic areas desirable: solid organ transplantation, haematology, immunology, oncology, or dermatology.

Experiences in implementing a medical strategy in the pharmaceutical or device industry.

Excellent presentation and teaching skills and to represent the company in a professional manner at medical, scientific, and public events.

Independent, self-driven, pro-active, extrovert and dynamic

Ability to form relationships quickly and have demonstrable persuasive abilities.

Highly effective communicator both orally and in writing; can get ideas across one-on-one, in group settings, as well as in presentations.

Exceptional leadership capabilities: ability to motivate, inspire highly organized with attention to detail.

Strong team player and know how to collaborate and engage many stakeholders across a large organization.

Adaptability

Innovative and pro-active

Strategic thinking

Results-oriented attitude

Language skills: Fluency in English.

Experience in working with MS office in a Windows environment.

Must have a EU work permit, a valid driver's license and be willing to travel for 40% of time
