[Apply Now](#)

Company: Inizio Engage XD

Location: United Kingdom

Category: life-physical-and-social-science

Company : Inizio Engage

Position : Medical Science Liaison

Location : North UK

Therapy Area: Dermatology

Vacancy Type: Permanent

Salary : Competitive

Role Summary:

Inizio Engage currently have the pleasure of working with a global company with a remarkable track record of achievement, improving patients' lives with access to affordable medicines, to recruit an MSL for a NEW PRODUCT LAUNCH!

This is an exciting opportunity for an experienced MSL to take on a brand-new role within the company, working within the dermatology space and with a product used for the treatment of Acne. This product is the first in a novel category of treatments, with recent approval in the US and it will be your responsibility to shape this new role and launch into your own and start building the foundations for a UK launch in towards the end of 4!

Key Responsibilities, but not limited to:

Develop and implement a national medical plan

Identify key opinion leaders and cultivate a network of experts for company areas of focus

Develop a specific KOL development plan with specific objectives and actions

Respond to unsolicited requests and engage in meaningful, peer-to-peer scientific

exchanges of complex medical and scientific information

Provide internal stakeholders with feedback and insights from interactions and discussions with HCPs

Deliver medical/scientific presentations to internal & external stakeholders

Lead planning and execution of national advisory boards and scientific meetings

Identify, select and train HCP's to become scientific speakers for the Company

Collaborate with cross-functional partners on internal projects and external initiatives

Provide educational meeting support at scientific congresses

Support training of cross-functional teams

Adhere to corporate and healthcare compliance guidance in all activities, including those related to clinical trials, scientific interactions with internal and external groups, and responses to unsolicited requests for medical/scientific information

Share key local market insights to aid our European Medical network

Spread awareness of the company's products within active institutions

Build organic KOL and Centres of Excellence (COE) relationships

Develop personal relationships with KOLs

Extensive travel is required as part of this position

Skills/ Knowledge/ Experience Needed

Prior experience and advanced knowledge of Dermatology is preferred but not essential

Demonstrable thirst for knowledge (technical, clinical, medical, scientific) with an ability to assimilate information quickly, present clinical data clearly and concisely and discuss the statistical and clinical relevance in line with the clinical development strategy

Demonstrated self-starter and team player with strong interpersonal skills

Entrepreneur, energetic and comfortable in a fast-paced, dynamic and collaborative

environment

Prior experience working as an MSL

Experience of working within the relevant guidelines & ABPI
