Category: other-general

£35000 - £50000 per annum + 3.5 ton service van North West England

Mobile Transport Refrigeration Engineer

Service and maintenance of transport refrigeration systems. Ranging from small truck home delivery fleets and large trucks used for multi drop food distribution and pharmaceutical sectors

servicing and maintaining all types and brands of commercial and industrial heating, cooling and ventilation systems

clients will include food manufactures, distributors, wholesalers, and retailers using trucks and trailers of different sized, configurations and ages

service and breakdown coverage in a fully stocked and equipped service van and two regional workshop facilities

provide 24 hour cover over the North West of England (Lancashire, Cheshire, Greater Manchester, Merseyside) and South West Midlands M5 corridor (Bristol, Gloucester, Worcester, Devon and Cornwall)

Experience of servicing home delivery fleets would be an advantage but not essential.

F-Gas (2079) required

The successful applicants will have at least two years of experience working mobile on a wide variety of transport refrigeration systems and be willing to join the call-out rota team.

You will be supported by a Technical and Service team and technical software with the use of an up to date fully equipped 3.5 ton service van.

Opted in pension scheme, 30-35 days holiday (inc. bank holidays)
