Company: Woodhouse Property Recruitment

Location: United Kingdom

Category: other-general

MRICS Building Surveyor - up to Associate level - Remote working- Scotland

I'm currently working with one of the most exciting, modern, national building consultancies who are looking to add to the Scottish Building Surveying team. This would be a remote working role, but the company has offices in both Glasgow and Edinburgh when required.

You would be coming onboard to work across an impressive selection of commercial sector instructions and would be involved in a mix of project and professional work.

My client is a national team of 25 surveyors and has attracted a hugely impressive list of clients and work over the past few years, as well as attracting an outstandingly talented crew of surveyors who operate as a cohesive and collaborative team.

Very strong salary and benefits package available.

if you would like to find out more about the role, please do call Tom Wentworth Waites on 0203 4751 727 or email tom.wentworth@woodhouserecruitment.com
