MRP CONTROLLER (SAP) - INSIDE IR35 - VIA UMBRELLA - £22.04 PER HOUR -

BPSS CLEARED - 12 MONTHS - HENLOW - SINGLE STAGE INTERVIEW

PROCESSYolk Recruitment are recruiting an MRP Controller to join our client on an initial 12 month deal from Henlow with likely extensions thereafter. Role Responsibilities: As the Manufacturing Planning Coordinator, you will be responsible for the management and coordination of all planning-related activities to deliver the Manufacturing Planning Schedule (MPS) to time, cost, and quality. Specific responsibilities include: Coordinating and executing all activities related to the planning and procurement of materials. Ensuring timely and adequate supply of materials to enable manufacturing output of the Master Production Schedule (MPS). Releasing, managing, and scheduling all work in the MRP system, and maintaining and communicating delivery forecasts to customers. Ensuring efficient and effective material inventories in line with targets while minimizing excess waste and costs. Maintaining accuracy of the MRP system through regular stock checks. Collaborating with the Supply Planner to communicate potential plan changes and resolve constraints in the supply chain. Identifying risks related to supplied parts and escalating them within the sales and ops process. Working closely with Logistics Services to manage inventory levels, resolve queries, and maintain MRP system accuracy. Supporting effective non-conformance management controls. Maintaining the manufacturing bill of materials and manufacturing strategy by ensuring master data is up-to-date. Supporting the achievement of schedule adherence, inventory, and delivery KPIs through the execution of the planning process. Skillset/Experience Required: The successful candidate must have: Relevant

experience in Manufacturing planning, Supply chain management, or a related position. APICs supply chain certification desirable but not essential to the role. Experience in the use of SAP would be beneficial. Proficiency in Microsoft Office and MRP systems. Strong planning and organizing skills. Effective communication skills, both verbally and in writing. Analytical and problem-solving skills. Attention to detail.
