MSL – small Pharma

Location: midlands/north of England

Salary: Competitive

Benefits: Car allowance, bonus, shares, pension, healthcare

Reference: JO-2404-532820

An exciting small Pharma business are seeking an experienced MSL to come on board and join their mission in ground breaking science. This business is a few years into their story in the UK and as an MSL you will be able to help establish their presence in the UK market and will identify/develop relationships with regional and national key opinion leaders.

A few years MSL experience is a must, and most importantly this role requires someone who has excellent collaboration skills, is a team player and shows the resilience to thrive in a small Pharma company. You will experience the benefits of small Pharma, working in a very autonomous environment and being exposed to responsibilities you might not get in your larger businesses.

This is a great role for an experienced MSL who is looking to expand their skillset, grow their responsibilities and lead by example in the wider MSL team.

Requirements:

- MSL experience – this is essential
- Experience within any of the following will be desirable: diabetes, cardiovascular, cardio-metabolics or cardio-renal

Responsibilities will include:

- Prepare and deliver medical and scientific presentations.
- Utilising scientific expertise to gather medical insights and to support research/data generation initiatives.
- Engaging with guideline development and revision through scientific exchange and support.
- Developing and managing KOLs including KOL identification, engagement and support.

Please apply in order to receive the full job description.

Remuneration:

The successful candidate would receive a competitive annual salary package plus an excellent benefits package including the likes of a car allowance, bonus, private healthcare, pension scheme and much more.

The Medical Division at Cpl Life Sciences (previously Only Medics/Clinical Professionals) is a specialist division that focuses exclusively on recruitment of Medical Affairs, Clinical Development & Pharmacovigilance for pharmaceutical companies, biotechnology companies, Clinical Research Organisations (CROs) and Regulatory Authorities.
