Company: Shire Healthcare

Location: Hatfield

Category: community-and-social-service

We are working in partnership with a provider of mental health support and have a permanent opportunity for a Nurse to work nights or day shifts based in Hatfield, Hertfordshire.

If successful, you will be working in a 19-bed specialist nursing home for men and women aged 18 and older who are suffering from enduring mental illness.

This is a permanent, full time role.

Alongside countless benefits and progression opportunities, our client is paying £21.78 per hour.

We are looking for passionate Registered Nurses (RGN) with previous experience of working in dementia care. You should possess a drive for providing excellent, professional, and effective care.

The role encompasses many different responsibilities, including, but not limited to:

- * Ensuring patient centred care plans are developed, implemented, evaluated and recorded.
- * Working collaboratively as Primary Nurse within the multidisciplinary team, including liaising

with associated professionals and other agencies.

- * Facilitating daily hospital activities.

- * Ensuring effective communication with service users, carers, visitors, and staff.

- * Implementing effective use of the Mental Health act where necessary.

- * Maintain a learning environment.

- * Assist with the development and /or revision of local policies and procedures as necessary.

Our client is offering a whole range of benefits, including:

- * Welcome Bonus of £3,000.

- * Annual Leave: 33 days including bank holidays.

- * High street discounts via HCPA Academy.

- * In-house training and development.

- * Access to career progression throughout the group.

- * Employer pension contribution

Please call Tom Wilson on (phone number removed) for further information.
