My client, a leading internationally known organisation are looking for a Finance Systems Analyst / OneStream Administrator on a permanent basis to support their growing transformation team. They need someone who is eager to support the transformation team and technical landscape whilst also becoming the go-to OneStream specialist. This is a new role within the UK-based team as they continue to expand. The chosen candidate will be brought in to support the OneStream application through general administration, small enhancements. On top of this, they will need the chosen candidate to have a good understanding of financial processes such as Accounts Payable, Accounts Receivable and General Accounting processes. Please reach out if you'd like to find out more!
