OneStream Developer – EPM, CPM, Enterprise Performance Management, Corporate Performance Management, OneStream, Senior Consultant, Technical Consultant, Developer, Developing, Developer, Consultant, Implementation, Integration, OneStream Consultant – UK – Remote - £70,000-£90,000 Our client, a specialist OneStream EPM consultancy, is looking for a OneStream Developer to join their team, a dynamic organisation that empowers businesses to optimise their financial processes and drive growth. You'll play a key role in ensuring our OneStream solutions continue to meet the business needs and deliver in line with evolving best practices. You'll be designing and delivering new solutions in addition to maintaining and troubleshooting issues in the existing solutions, in addition to collaborating with colleagues across the business and delivering expert system and design advice. Key Skills & Experience: Hands-on development experience using OneStream and comparable EPMs including SQL and VB.Net A solid understanding of delivery methodology and in the implementation of the solution according to the design/architecture A good understanding of existing statutory and regulatory reporting requirements You'll also have a good ability to communicate effectively with technical and non-technical individuals, development teams, and end users Main Responsibilities: Overseeing the troubleshooting, maintenance and regular change control of the existing applications/solutions and ensuring business reporting requirements are met. This encompasses the creation and maintenance of metadata, business rules, cube views, dashboards and all components of workflows working with the OneStream Administrator Providing expert advice on system and process design (including solution effort and project team structure definition) as a feed into the OneStream Design

authorityLeading and managing aspects of the change portfolio for OneStream, acting first as an expert advisor in the investigation stages of a new project and latterly as a Lead DeveloperTaking ownership of the development and maintenance of design documentation and ensuring future projects deliver consistent adequate documentation Location: UK/ Remote Candidates must be eligible to work in this country. Catch Resource Management is a leading provider of Dynamics 365, JD Edwards, NetSuite and other ERP resources to both end users and to product suppliers/authors. Our consultants deliver a completely professional resourcing service, always backed up by our team of ERP specialists who are all experienced in full project life cycle implementation and support, thus ensuring that we fully understand our clients' requirements and our candidates' skills. If you have the relevant skills and experience for this position we would welcome your application, however please note that we receive high levels of responses to our advertisements so can only immediately respond to those that are a close match. However, if you are interested in hearing about similar positions then please register on our website: www.catchgroup.com.
