Online Consumer Panels America is a consulting firm that specializes in product testing and product development work. We design and conduct In-Home Usage Testing (IHUT) locally and nationally to provide actual user feedback in real-time to companies and market research firms to evaluate products to ensure proper product certification and greater market access.

It is important to note that during your application process, reputable market research companies will determine your demographics and consumer profile to establish what products would be suitable for you to test. Market research companies that partner with us will use questionnaires to identify and target certain types of consumers, to ensure that the right participants are engaged and to achieve the representative sample needed.
