Company: Market Makers AI

Location: London Area

Category: other-general

Join Our Team as an Options Trader and Presenter! About Us: At Market Makers AI, we're not just another fintech company—we're leading the charge in revolutionising the financial services industry with cutting-edge artificial intelligence technologies. Our relentless focus on innovation and growth empowers traders and investors with advanced tools and insights, helping them navigate the dynamic world of finance with confidence. Job Description: Are you an experienced Options Trader with a knack for presenting complex trading strategies with clarity and charisma? If so, we want you on our team! As an Options Trader and Presenter, you'll execute profitable options trades while effectively communicating trading strategies and insights to a wide audience. Key Responsibilities: Execute options trades across various asset classes, including equities, indices, and commodities. Utilise advanced trading strategies to maintain a win rate of over 80%. Conduct thorough market analysis and research to identify high-probability trading opportunities. Develop and implement risk management strategies to safeguard capital and optimise returns. Present trading strategies, market insights, and trade ideas through webinars, seminars, and educational platforms. Collaborate with our research team to develop proprietary trading algorithms and tools. Qualifications: Proven track record as an Options Trader with a win rate exceeding 80%. Deep understanding of options trading strategies, including delta-neutral strategies, volatility trading, and option spreads. Proficiency in technical analysis, charting tools, and trading platforms. Excellent communication and presentation skills, capable of simplifying complex concepts for diverse audiences. Self-motivated and results-driven, with a genuine passion for financial markets and trading. Compensation: Basic Salary: £60,000 per

year Bonus Structure: In addition to the base salary, you'll be eligible for performance-based bonuses designed to reward exceptional performance. Bonus amounts will be determined based on trading performance, profitability, and overall contributions to the team's success. How to Apply: If you're ready to take your options trading expertise to the next level and share your knowledge with others, we want to hear from you! Please submit your resume and a cover letter highlighting your trading experience and why you're the perfect fit for this role. Note: This job description provides essential information about the position's scope and is not exhaustive. We're committed to creating a diverse and inclusive work environment.
