Oracle Cloud Payroll Our client the No. 1 Oracle Cloud Practice in the UK has an opportunity for an Oracle Cloud Payroll Consultant/Manager to join their team. As a Consultant/Manager in the team, you will be: Delivering end-to-end Oracle Cloud Payroll solutions to clients – advising, leading, and contributing to client-facing Oracle Cloud payroll projects Blending functional and technical skills with creativity to develop ideas into solutions within the payroll Cloud industry. Gathering client requirements, designing, and delivering workshops, training, testing, and configuring solutions in Oracle. About You: Completed a minimum of 2 full lifecycle Oracle Payroll Cloud implementations. Consulting background would be ideal, although we welcome applications from strong candidates within the industry. What's in it for you? A base salary of £60,000-£80,000 (depending on experience) An exciting package (incl. bonus scheme, matched pension contribution up to a certain %, etc.) A bespoke personal development programme To request more information, arrange an initial conversation or register interest, please apply. Time Sourcing will partner with you through the process, offering strong support and in-depth preparation on interview format structure at each stage, to ensure the best possible chance of a successful application. Time Sourcing Ltd is acting in the capacity of an employment agency.
