

## Organic Chemist

[Apply Now](#)

Company: Rowland Talent Solutions limited

Location: Birmingham

Category: other-general

We currently have a fantastic opportunity for a Senior Organic Chemist to join a company in the midlands.

The role:

As a Senior Organic Chemist you will conduct organic synthesis and develop processes for scale-up.

Duties include:

Carry out organic synthesis.

Conduct laboratory scale up to GMP.

Design and develop processes for scale-up to production.

Prepare and review reports and other technical documentation.

Ideal candidates for the Senior Organic Chemist role will have a Degree, Masters or PhD in Chemistry with a focus on Synthetic Organic Chemistry (Phd in Organic Chemistry or a final year project).

Candidates must have some experience in industry working on Synthetic Organic Chemistry.

Note: Applicants need to have the right to work in the UK

Key words: Organic Chemistry, Synthesis, GMP, Pharmaceutical, Synthetic, Chemist, PhD, MChem, Masters
