

## Part Time Nanny

[Apply Now](#)

Company: Nannyjob.co.uk

Location: Fetcham

Category: other-general

Nanny / Nanny-Housekeeper needed for two children in Surrey (Live-out or Live-in/Part Live-in; I'm very flexible as to which) DRIVER IS ESSENTIAL!

(Very sadly our lovely temp nanny is leaving so looking for someone fab again)

Location: KT22

Pay: c£120 - £150 per day depending on experience (salary range based on live-in just on work days only or live out ). Ideally I am looking for someone who is self-employed but we can discuss the finer details of this face-to-face.

If someone wishes to do full live-in then happy to consider this also.

Children: Boy nearly 11 years, girl 8 years – both in school so considerable time alone during term time (6 - 7 hours per day typically). My son has dyslexia so someone with experience of that would be amazing.

Contract length: Permanent (happy to consider someone temp again though)

Working days and hours:

- As a minimum I need a nanny two days a week (possibly three. There is flexibility as to

which days but right now Tuesday and Wednesday are the days I have to be in London

- Hours: 7am-7pm while I am in the office (lots of child-free time during the days (9am-4pm) while the kids are at school). Ideally Thursday morning school run covered too but I am flexible on this.

Right now my temp nanny will continue to work on Mondays, which is my preference to carry on with, but I am open minded about offering this to our permanent nanny if needed (subject to suitable notice for our temp nanny)

Ideally looking for someone who is happy to live-in on their work days as generally easier/more reliable; there is a lot of flexibility around that so please do get in touch to discuss various options :)

Summary of role:

Great opportunity to join a busy, down-to-earth family in leafy Surrey. Working family with two children and looking for a lovely, reliable, calm, emotionally intelligent/sensitive, patient, professional nanny to become an integral part of the family.

Duties include:

- Getting children ready for school in the morning
- School runs in nanny car (DRIVER ESSENTIAL)
- Care of children's belongings (washing and ironing their clothes and bedding, tidying/maintaining toys)
- Ensuring the children's bedrooms are clean and tidy
- Prepare healthy meals for the children/family (batch cooking a couple of times a week when both kids are in school all day would be great so a decent cook would be a huge bonus!)
- Helping kids complete homework
- Light housework especially in areas the children have used (kitchen, play areas, dining area etc)
- Arranging playdates/social schedules and plan days out outside of term time.

Ideal candidate: Hoping to find someone who is fun, loving, very patient/calm (my son can struggle a little on occasion with emotional regulation), professional, proactive, resilient,

organised, open / direct, friendly, tidy, reliable, flexible, good sense of humour. An excellent communicator is essential. CONFIDENT, SENSIBLE DRIVER IS A MUST. Fluent English. No smoker. At least 5 years experience in a similar role.

Car: Use of nanny car (manual).

Accommodation: Own bedroom and bathroom (if staying over).

Looking for someone long term but would really like at the very least a one year commitment to ensure continuity for the children, along with someone who obviously conducts themselves very professionally/reliably.

Excited to hear from you so please do get in touch :)
