

PCB Solderer

[Apply Now](#)

Company: ProTech Recruitment Ltd

Location: Woking

Category: computer-and-mathematical

Industry: Electronics

Rate: £18-19 per hour PAYE (Umbrella options available)

Duration: 6 months min

Key skills required: PCB Soldering, Surface Mount, IPC-610, IPC-J-Std, Through Hole

Overview

If you are an experienced PCB Solderer looking to work in a high-tech and advanced technology business, this could be the role for you.

Assembling state of the art, complex, high value electronics - you will be working to the highest standards, working to a right first time ethos at all times.

This is a busy time for our client, so overtime will be available on a daily basis.

PCB Solderer Requirements:

Must have experience of Surface Mount PCB Assembling & Soldering within a high-end

production environment

Ideally you will be certified to a minimum of IPC-610 or J-Std standard, or have good working experience to this standard

Have a good general understanding of industry standards and regulations in order to ensure machinery and equipment are operated safely

Proven experience of all aspects of box build manufacturing processes

Have good attention to detail to maintain or exceed high levels of production standards

Must have experience of working in a high technology environment

PCB Solderer Responsibilities:

Working in a small team of specialised assembly technicians assembling complex, high value, electronic products in small/medium volumes

Production of products to the highest quality and reliability standards are paramount

Perform/prepare build, test or inspection activities before and during product manufacturing

Proven ability to understand and follow technical drawings

Support inspection of electronics assembly

Contribute to the process of continuous improvements to achieving zero defects in accordance with ISO9001

If you are interested in this position, please get in touch by clicking on Apply now. We will be in touch with you soon.
