Company: aira

Location: Glasgow

Category: architecture-and-engineering

Upgrade Your Career With Aira

Are you looking for a career, rather than a job? Are you looking for a place where you can take pride in your work, whilst installing the latest technology? That's Aira.

Right now, We're looking for plumbers and heating engineers to join our team of Clean Energy Technicians right across the UK.

If you're currently fitting radiators, heating systems, or cylinders, we want to hear from **you**.

do not need previous heat pump experience to apply!

You'll be working with an experienced, qualified heat pump installer and ensuring that high quality heat pump installations are carried out safely and efficiently.

What you'll be doing as a Plumbing and Heating Engineer

You'll be helping families lower their costs and carbon footprint by working in a team to install the very latest Vaillant heat pumps, cylinders, and radiators.

You'll work closely with your team, as well as our designers to make sure that you'll only be fitting efficient, reliable systems. All your jobs will have been properly surveyed, and you'll be given schematic diagrams for every installation.

You'll train at the Aira Academy to become the best Plumbing and Heating Engineer you can be, with progression to becoming a Heat Pump Installer. You will have the opportunity for development and professional growth with the UK's fastest growing Heat Pump installer.

You'll be Joining a Europe-Wide team of Engineers as part of the Aira family.

What we would like you to have as a Plumbing and Heating Engineer

We will provide all necessary Air Source Heat Pump training at our own Aira Academy's throughout the UK, however we need you to have the following:

NVQ level 2 plumbing (or equivalent)

Experience installing radiators, cylinders, and pipework

Any of the following would be good to have:

NVQ Level 3 plumbing (or equivalent)

WRAS Qualifications (water regs)

Unvented hot water systems (part G)

Gas qualifications

What we offer as a Plumbing and Heating Engineer

Base Salary of £35,000

Referral Scheme

25 days Annual Leave plus Bank Holiday

Health Cash Plan

Reward Gateway (Shopping Discount)

Life Insurance

All tools, uniform, and equipment provided

Company phone

Curious about Aira? Here's what our engineers Rich, Rob, and Stephen had to say about working at Aira:

At Aira, We're not just champions of next-generation energy, we're champions in Diversity and Inclusion too. We believe that a diverse workforce sparks innovation and creativity and enables us to better serve our customers and communities. We encourage individuals from all backgrounds, cultures, and perspectives to join our team. We will never accept any form of discrimination and believe that together, we can drive a new era for our people and

planet.
