*This is temp to perm vacancy Starting in February 2024

* Brackmills Industrial Estate

* Experienced PPT/LLOP drivers required

*2200pm-0600am Sunday to Thursday

* 3 breaks for 8 hours shift - 2 paid!

We are working in partnership with leading pharmaceutical firm to supply Logistics staff to their National Distribution Centre.

This is a unique opportunity for you to be able to make a difference to people's lives, this isn't just a job, this is a life choice. Our client has a proud heritage of over 45 years and having built a solid reputation amongst their customer base and the patients who use their products. Having strong relationships with their main customer group, the National Health Service (NHS), and many of their products are used daily in hospitals across the UK.

Due to the criticality of the workload, we are only looking to work with individuals who are serious about a long-term opportunity and can ensure their commitment to this assignment.

If you cannot commit to the foreseeable future and do not meet the criteria below, please do not apply.

The detail, these are the bits we need you to be able to do. If not, we may have more suitable opportunities for you elsewhere.

Shifts patterns are fixed, there are no rotations and there are no compromise. We have shifts available 2200pm to 0600am Sunday to Thursday

You must have experience on either PPT/LLOP/P20 or a Forklift is essential (it might also help if you can drive a vehicle). Full training and refreshers will be provided but due to the fast-paced nature of the business it's important you are a competent driver.

Only a few, but some products can weigh up to 25kg. If are unable to work in a fast paced, manual working environment this role isn't for you.

Pay parity from day one, which is unheard of in Northampton. No waiting for 12 weeks. You will be conducting the following duties:

Picking Items for dispatch in a timely, accurate manner

Packaging Items for dispatch to a high-quality standard

Using a hand scanner to ensure correct stock is dispatched to the correct customer.

Using a pallet truck or PPT to pick heavier items from the grid.

Using voice picking to be guided to locations.

Ensuring all health and safety requirements are always met.

Keeping your work area clean and safe
