

Press Brake Operator

[Apply Now](#)

Company: All Temps Recruitment

Location: Birtley

Category: other-general

We are currently seeking an experienced Press Brake Operator to join an expanding team in Birtley, Tyne and Wear.

The role

- * Working with mild steel in the production of excavator buckets and earth moving equipment
- * You will be setting up, operating, and maintaining press brake machines to bend and shape metal components according to precise specifications.
- * Reading and interoperating written instructions and diagrams and work orders
- * Checking sequences and dimensions
- * Using the correct tooling and dies on the machines.
- * Adjusting the machines as necessary
- * Quality monitoring

- * Performing routine maintenance
- * Working within a team to timescales
- * Working a 40-hour week

The person

- * Must have proven experience as a Press Brake Operator or similar role in a metal fabrication environment.
- * Have a knowledge and proficiency setting up and operating press brake machinery to bend mild steel.
- * Have a strong understanding of metal fabrication processes and the ability to interpret engineering drawings and blueprints.
- * Have a knowledge of measuring tools such as callipers, micrometres, and tape measures. •
- * Be able to work both independently and part of a team.
- * Must have physical stamina and the ability to lift and manoeuvre heavy materials as required.

This role will become permanent after a probation period.
