

Primary Care Advanced Nurse Practitioner

[Apply Now](#)

Company: Integrated Care 24 Ltd

Location: Hastings

Category: healthcare-practitioners-and-technical

The Role

Express new ideas, take initiative and save lives. Others talk about being brave, at IC24, we're made that way.

From providing high quality integrated urgent care for over six million people, to thinking of innovative solutions for our patients – every role at IC24 is made to be brave.

Are you an experienced Advanced Nurse Practitioner and non-medical prescriber? Do you want to work in an appointment only system? Are you looking for a better work life balance? If so, we would love to hear from you.

We have a fantastic opportunity to join our team at the Hastings Primary Care Hub working 3 or 4 days per week.

Hastings Primary Care Hub has been running for 12 years operating from a modern multi-purpose NHS site based in Hastings town centre, close to the train station. The Hub consists of a very close knit multi skilled and supportive team who continuously strive to ensure and maintain the highest standards of patient care and best practice.

As a Primary Care Advanced Nurse Practitioner, you will be delivering primary care to non-registered patients by face-to-face consultation and/or telephone/video consultation. You will provide assessment, treatment, and diagnosis at first point of contact, and directly prescribe medication within your role as an independent prescriber. In an area of high deprivation this is an opportunity to make a difference to the local community.

In return we offer revalidation support, learning and development opportunities, access to free secure underground parking and the chance to work a 3- or 4-day week.
