Company: Practice Plus Group

Location: Doncaster

Category: healthcare-practitioners-and-technical

About The Role

ADD TO LIFE. EVERY LIFE

Where making a difference changes lives

Secure environments are one of the most challenging, yet rewarding places for healthcare professionals to work. If you're looking for a role where you can develop your existing nursing skills and learn something new every day in an environment that never stands still, then this could be the opportunity for you.

As a Registered Nurse (Adult) you'll be an integral part of the healthcare team at HMP Hatfield by bringing your clinical skills and passion for care. You could be involved in anything from developing and leading clinics, undertaking examinations and tests as well as answering emergency bells and potentially being the first person to attend an emergency. Within this role, you will work within a multi-disciplinary team to deliver a nurse led service and prevent hospital admissions.
