Principal / Associate Electrical Design Engineer (Building Services / MEP)

Northwest Kent, Flexible & Hybrid Working

£65k - £75k, + Benefits, this is a guide salary range for Principal level, the client is open to discuss salary on an individual basis

Associate Electrical Engineer / Senior Electrical Design Engineer / Building Services / Consultancy / Construction / MEP / Principal Electrical Engineer

This principal or associate role is to join a busy, growing engineering consultancy, working closely with and supporting the MD. This role could be carried out by an experienced associate, but the opportunity also exists for an ambitious and experienced senior electrical design engineer to develop, as plenty of mentoring and support is available.

It's important to note this role offers a direct pathway to directorship.

Most of the work will be MEP / building services design for high end residential, education and some commercial work.

Responsibilities - Principal / Associate Electrical Design Engineer

- * Day to day running of electrical projects and managing a small electrical team.
- * Maintain existing client relationships, for interested applicants the opportunity also exists for business development.
- * Work with the clients to establish the brief and follow the project through to the technical fulfilment.
- * Attend project meetings with all parties.
- * To provide technical leadership and support professional development of graduate

engineers.

* To prepare and present designs, reports, calculations, and specifications.

* To conduct technical review of projects.

Experience Required

* You will have a relevant degree, electrical or building services related.

* Previous work within an electrical building services design role, with either a consultancy or contractor

* Design from concept to handover, including calculations, preparation of drawings, specifications and all relevant tender documentation.

* Skills in team leadership and professional development of others.

* Client facing experience.

* Hold a full UK driving license.

Benefits Include

* Bonus

* Potential profit share – dependent on level

* Pension

* Health Scheme

* Flexible and hybrid working
