Principal Geotechnical Engineer - Award Winning Independent Consultancy

We are seeking an accomplished Principal Geotechnical Engineer with a track record of excellence to join our esteemed client, an award-winning independent consultancy. You'll play a pivotal role within their expanding Southeast-based team.

Distinguished for their work with a diverse clientele including property developers, railway operators, and local authorities, their portfolio boasts notable projects such as Wimbledon Greyhound Stadium, Dunsfold Aerodrome (home of the Top Gear race track), and Meridian 1 & 2. As a key member of their team, you'll contribute to transformative projects ranging from brownfield site redevelopment to transportation infrastructure initiatives including railways, roads, ports, and harbors.

The role primarily offers remote work flexibility, supplemented by occasional site visits and client meetings (approximately 2-3 visits per month).

The successful candidate will embody the following competencies:

Setting and maintaining high standards to meet project targets.

Demonstrating professionalism, objectivity, and proactive responsiveness to colleagues and clients.

Crafting compelling written reports and articulating complex technical issues clearly and logically.

Collaborating effectively with internal and external teams.

Excelling in client relationship management, ensuring transparency, and satisfaction.

Monitoring project quality, standards, and progress, adhering to internal processes and procedures.

Confidently managing budgets and financial aspects of projects.**Key Responsibilities:**

Project management, including financial oversight.

Technical assessments and designs.

Producing and reviewing interpretive and design reports.

Providing expert advice to clients and team members.

Attendance at site visits and project meetings.**Key Requirements:**

Minimum 5 years' project management experience.

Proficiency in Oasys and AutoCAD software.

Bachelor's degree in Geotechnical Engineering.

Chartered membership in a relevant institution.

Valid UK driver's license.**Benefits:**

Salary fully up for negotiation depending on your skills and credentials

Holiday entitlement: 25 days plus bank/public holidays, with two days reserved for the Christmas/New Year period.

Discretionary bonus based on individual and company performance.

Employer's contribution of up to 5% of annual gross salary towards pension, with the option to join a Salary Sacrifice scheme.

Company benefits include reimbursement of two professional subscriptions, medical insurance, and Perkbox membership offering discounted offers. To apply for this role, please hit the APPLY button below. If you are looking for something else, please contact us as we work across the Geosciences and Geotechnical industry UK wide covering: Geo-Environmental Engineer, Geotechnical Engineer, Geo-Environmental Consultant, Remediation Engineer, Hydrogeologist, Contaminated Land Consultant and much more
