

Principal Mechanical Engineer

[Apply Now](#)

Company: Eden Brown

Location: Farnborough

Category: architecture-and-engineering

Our client is an award winning consultancy, often revered as one the thought leaders when it comes to the built environment. Known for designing landmark projects across a variety of sectors! including projects circa £300m across commercial, Leisure, data centres life sciences sectors as well as some major projects across the Middle East. They are currently looking for a Principal Mechanical Engineer to join their team of Engineers in Farnborough.

As a Principal Mechanical Engineer you will be involved with conceptual and detailed designs through all of the RIBA stages. Provide Mechanical design expertise to clients in a wide variety of contexts as well as developing strategic, technically based reports and plans. You'll prepare condition surveys, forward maintenance plans, dilapidation schedules, defect analyses, system diagnostics reports, schedules of condition and the monitoring of the subsequent works processes.

Principal Mechanical Engineer Requirements:

6-10 years' experience of Mechanical engineering design in the building services and construction industry

Experience working on projects in the following sectors is beneficial: Higher Education, Museums, Commercial, Cultural Sector

Relevant bachelor or master's degree

Revit Experience

Excellent technical knowledge of Mechanical systems and able to use industry recognised software

Experience in the preparation of technical reportsIf you're a confident Mechanical Engineer looking to work on some major local projects as well as huge global schemes get in touch with Kye Nessling today.

Eden Brown is committed to equality in the workplace and is an equal opportunity employer.
