Company: Beeby Anderson Recruitment

Location: Wokingham

Category: architecture-and-engineering

Our client, established in 2002, is an independent Mechanical & Electrical design consultancy that provides the full range of MEP Building Services from 2 locations in Berkshire and London.

The Senior leadership team are actively involved in day-to-day client delivery, and the entire team's professional and personable approach focuses on offering clients first-class solutions, and bespoke services.

Boasting an impressive client list in the hospitality, commercial, finance, retail, and residential sectors, the company operates on projects across the UK, Ireland, and Mainland Europe.

They have built strong teams that operate in a collaborative atmosphere by recruiting technically sound engineers with a passion for excellence and giving them autonomy, responsibility, and support.

They are now looking to bring additional expertise to the mechanical team with the appointment of an Senior/Principal Mechanical Engineer. The main responsibilities are in the areas of project delivery. You should be able to prepare calculations/specifications and drawings, collaborate with other disciplines, provide technical expertise, provide support to less experienced engineers, ensure quality standards are maintained, and adopt and promote

the company ethos.
