

## Principal Unreal Engine

[Apply Now](#)

Company: IC Resources

Location: United Kingdom

Category: business-and-financial-operations

An exciting opportunity for a Principal Unreal Engine Developer has arisen with the world's leading provider of automated solutions for 3D character creation in game development.

This is a great opportunity for a Principal Unreal Engine Developer to work closely with the design and development teams, focusing on developing high-quality code for the character editor and crowd rendering system, ensuring both visual and functional requirements are met.

The office is in Porto, Portugal and you have the option to work onsite, hybrid or fully remote (from Portugal or UK).

Experience for the Principal Unreal Engine Developer will include:

- Extensive experience using Unreal Engine 4 and 5.

- Extensive experience using C++.

- Fluent written and spoken English.

- Bonus: Experience in building character systems.

If you are a Principal Unreal Engine Developer looking for the next exciting step in your career within a company working on cutting-edge technology, then please apply today to learn more.
